

Branding & Merchandising Solutions For the beverage Industry

Introducing the "Snap Wrap"

The "Snap Wrap" is different because it uses no adhesive to leave sticky residue, and it has no bulky hook and loop, just a well-engineered, clean, tight self-locking fit.

It is easy to put on and take off for cleaning,. The Snap Wrap prints on durable polycarbonate film overlay.

The Snap Wrap can be custom printed to showcase your band or you can utilize our in house designs. Every Snap Wrap is engineered to fit your individual manufacturers' dispensers.

Ask one of your Identabrew Sales associates for a demonstration today!
